04/2025

Penn Foster Career School

PC Maintenance & Repair

05/2013

Forensic Computer Examiner

01/2013

SKILLS

Python • SQL • HTML • CSS • JavaScript • FastAPI • Power BI • Excel • Cloud Computing (IaaS/PaaS/SaaS) • Cybersecurity • Networking • Authentication • OSI/TCP-IP • Troubleshooting • GitHub • Technical Documentation • Clinical Workflow • HIPAA Compliance • Electronic Medical Record (EMR) • Medical Terminology • Patient Education • Clinical Documentation

PROJECTS

Clinical Data Reconciliation Engine – Take Home Project

Developed full-stack FastAPI + HTML/JS system for medication reconciliation using AI-powered clinical reasoning, confidence scoring, and data-quality validation.

Retail Database System School Project

Designed and implemented a MySQL Server retail database demonstrating schema design, data integrity, transactions, triggers, stored procedures, security, and backup.

NYC Airbnb Stakeholder

Dashboard – School Project

Built an interactive Excel dashboard analyzing Airbnb data using pivot tables, slicers, and dynamic charts to visualize pricing, availability, and guest engagement trends.

WORK EXPERIENCE

Puget Sound Endodontic Associates

Endodontic Assistant | 20 – 40 hrs/week

Port Orchard, WA

03/2020 – 06/2024

- Supported micro-surgical and biopsy procedures across 4 locations and 4 providers, managing setup, sterilization, documentation, specimen prep, and post-operative instructions for 3–4 patients daily.
- Captured and processed digital radiographs (CBCT, intraoral, photographic) and assisted with pulp vitality testing and evaluations, ensuring accurate diagnostic data for 4–6 patients daily.
- Streamlined supply ordering, unboxing, and labeling for the Port Orchard location, improving inventory accuracy and workflow efficiency as Lead Resource DA.

Peninsula Community Health Services

Registered Dental Assistant (RDA, DANB Certified) | 40 hrs/week

Port Orchard, WA

04/2017 – 03/2020

- Delivered chairside support for 4 patients daily, assisting multiple providers with restorative, prosthodontic, endodontic, and surgical extraction procedures in a fast-paced community health setting.
- Managed digital radiographs, charting, and oral hygiene instruction for 4–6 patients daily across diverse populations including children, seniors, and individuals on state insurance, ensuring equitable and efficient care delivery.
- Provided scheduling, referrals, and follow-up communications as needed, supporting continuity of care and reducing appointment delays.
- Maintained strict compliance with sterilization and HIPAA documentation standards, ensuring safe and effective clinical operations.

Staples Office Supplies

Tech Center Supervisor | 25 – 40 hrs/week

Silverdale, WA

06/2014 – 08/2017

- Oversaw daily computer diagnostics, upgrades, and repairs for 6 technicians, ensuring consistent service quality and timely completion of customer requests.
- Diagnosed and resolved complex hardware and software issues, maintaining top-tier customer satisfaction ratings and repeat-service retention.
- As Sr. Certified Computer Repair Technician, coached team members on technical performance, sales strategies, and customer engagement, driving measurable improvements in service metrics and department productivity.
- Implemented process improvements for intake and repair tracking, reducing turnaround time and enhancing workflow efficiency.

Self Employed

Windows OS Maintenance Contractor | 15 hrs/week

Show Low, AZ

10/2011 – 08/2013

- Provided system maintenance and technical support for 4 users, improving computer performance and reliability through proactive diagnostics and optimization.
- Installed anti-virus programs, created restore points, and maintained backups to safeguard data integrity and ensure rapid recovery.
- Customized system configurations by adjusting program defaults, startup applications, and removing unwanted software to enhance speed and usability.
- Executed disk cleanup, defragmentation, and other maintenance utilities, extending hardware lifespan and reducing system errors.
